Age Concern, Estepona and Manilva, International Day Age Concern will see you on stand 13 at the First International Festival of Estepona for 2007 taking place on Sunday 22nd April at the Palacio de Congresos, Estepona. We will be selling all types of home made produce, plus teas and coffees. This is well supported stand and we therefore need as much home made produce as possible. Sandwiches will be made on the day with bread supplied by Pan Inglés, but support is needed from all you bakers out there. Cakes, jams, biscuits, sausage rolls (very popular with Spanish customers), pies – anything that can be consumed on site or taken away to eat another day – are needed. Your help is needed – so please ring 951 318 234 now and leave your contact details – alternatively email tonyaldous55@yahoo.co.uk.
